Teaching & Learning:

As a reminder, for our students testing this week and next (AP & CAASPP) their academic priority IS the assessment. Under **no circumstance** shall a student be punished or have additional work assigned during this time. For our 11th grade students, the AP/CAASPP should be considered their summative exam.

CAASPP for all Juniors begins May 7th. **Testing will only take place for those Juniors NOT TAKING an AP EXAM. All students taking AP exams are taking the CAASPP after they complete their AP testing.**

Teachers: Please be sure to have tutorial plans ready for our assessment weeks.

Teachers: please be reminded that informing students and parents of grades and missing assignments goes beyond AERIES. It is critical to have face to face conversation and make calls in support of student learning and support.

Activities: Pretty cool car show put on by Tim Blok this past weekend at SMHS. Hope you had a chance to check it out.

Check out the San Marin Leadership page: smhsleadership on Instagram to keep track of all that's new at SMHS!

Research:

Interesting articles from the Marshall Memo on Life Lessons & a personal account on math from an NFL player.

Other News & Events: ILT is tomorrow. See Google Classroom for Agenda.

Department Meetings on Tuesday & Thursday this week & next due to testing schedule. We may meet in the Library from 2:00-2:25 pm for unfinished business. Your NFT Leadership will let you know.

As the weather warms up, please remind students to make good choices with regards to their attire on campus. We believe in allowing student choice; however, like churches and court, a certain level of decorum is requested on an academic campus. Please be thoughtful.

We have one more Saturday Academic School remaining on the calendar. That date is May 19th.

Attached you will find AP exam Schedule & CAASPP/Tutorial schedules. Please note time for meetings. Tutorials, etc. . . .

All Staff: Please remember not only **what we say is important but how we say it**. Our students do listen even when it appears they do not.

Senior Students & Parents: Time is running out on Community Service hours. Please turn in paperwork ASAP. Board Policy requires 40 hours for graduation.

Something to Think About: Always Do Your Best. Your best is going to change from moment to moment; it will be different when you are healthy as opposed to sick. Under any circumstance, simply do your best, and you will avoid self-judgment, self-abuse and regret.
